

ENDORSEME – The need for ENDORSEME Project

7 September, 2023 in Naval Academy «N.
Vaptsarov», ul. "Vasil Drumev" 73, 9002 Center,
Varna, Bulgaria

Co-funded by
the European Union

Erasmus+

THE BACKGROUND

Seafarers are trained and certified by national administrations complying with the minimum standards set by STCW convention.

There are no mechanisms for monitoring how these standards are being applied in various nations and yet there is an issue for seafarers to get their certificates accepted/endorsed when they are attempting to work from one flag state to another.

THE NEED

There are still many countries that they do not have mutual recognition or endorsement of their merchant seafarer's certificates in place.

THE NEED

The integrated model that ENDORSEME project utilizes and brings together all of the seafaring qualifications such as Certification of Competence, ancillary STCW certificates and attempt to enable each certificates mutually accepted by the different countries.

THE NEED

The tool of the project supports all the shareholders in the marine industry.
