5th PARTNER MEETING – BULGARIA

Unfortunately, ENDORSEME project has come to an end at Bulgaria on the last 6th and 7th of September 2023. Divided in 2 consecutive days, the partners had the opportunity to follow up all the tasks and do the final adjustments required for the project's success. The first day on the 6th, was dedicated to the Final Conference presentation to the maritime community, with a panel constituted by the projects' teams targeting a project's global overview and understanding

Following the Final Conference, the last day's agenda was reserved for final report's discussion, where all the tasks and responsibilities of each partner were addressed. Coming to an end, interest perspectives were shared among the institution's representatives, concluding that the project has more potential to be developed within other safety branches, where it can be used as a base step to a own's project continue development.

For immediate usage within the project's scope and objectives, the project as a whole or by single stages that have been developed within the 2 years program, can also be used as a starting base of individual and collective works, articles studies and as a support for other projects.

For immediate usage within the project's scope and objectives, the project as a whole or by single stages that have been developed within the 2 years program, can also be used as a starting base of individual and collective works, articles studies and as a support for other projects.

The EndorseMe tool is designed using an easy-to-use database format, to simplify the search and categorisation of information specifically related to the recognition Certificate of Competency (CoC). This is geared towards seafarers across all EU member states, and third countries.

In name off all partners and links created between the institutions, the Project ENDORSEME would like to thanks to all the support from the stakeholders and institutions that helped.
